

**Your last name may not be Motherson. But you're still a part of our family.**

**motherson**

The **Motherson Group** is one of the 21 largest and fastest growing full system solutions providers to the global automotive industry, serving multiple further industries, such as rolling stock, aerospace, medical, IT, and logistics, with over 135,000 employees across 41 countries worldwide. **Samvardhana Motherson Reydel Companies (SMRC)** is the group's specialist for innovative car and truck interiors. With facilities in Europe, Asia, and South America, we design, develop, and manufacture complete high-quality interior systems, such as cockpits, centre consoles, door panels, and decorative surfaces for multiple vehicle manufacturers worldwide. Given our fast growth, we are constantly looking for talented new colleagues to become part of our team.

TENHICAL CENTER OF HARNES

## **MANUFACTURING ENGINEER (M/F)**

### **Your tasks.**

- Reporting to the process engineering department, the Manufacturing Engineer :
- Designs and implements the manufacturing processes in the factory for all new projects in compliance with Quality, Cost, Deadlines and Safety (QCDS) requirements.
- Is responsible for internal deliverables (Manufacturing feasibility, FMECA Process, business/project indicators, CDC equipment (tools/machinery excluding injection tooling), manufacturing synoptic, etc.) and customer deliverables (Manufacturers and plant(s)).
- Is based on the project platform during the design phase, and then will be moved to the final site(s) during the industrialization phase.

### **Your profile.**

- Engineering degree or equivalent
- Knowledge of manufacturing processes and economic indicators and their impacts would be a plus.
- Knowledge of tools (IQF, Interproj); RFQ construction
- Mastery of the FMEA Process
- Fluent English

### **And you got.**

- Analytical skills: Knowledge and mastery of internal and external Process Audits is your second passion.
- Kaizen spirit: Isikawa, SMED, 5S have a meaning with you; you are a master in the improvement tools.
- A manager's heart:
- Projects: Steering, planning, action plans and technical subjects have no secrets for you.
- Your leadership help you to support functional teams to ensure the success of the projects
- Mobility : Regular trips to production sites

### **How to apply.**

- Send your CV and Motivation Letter to Tiphaine PIATON (Human Resources Development and Training Manager) at [tpiaton@smrc-automotive.com](mailto:tpiaton@smrc-automotive.com) before 15th February 2021
